Children need motivation and guidance as a spark to ignite their innate talents to glow fully. To express their ideas and to bring them out of the conch shells, they need to be encouraged and nurtured in the right direction. Building the right perception to grasp a concept is the foundation of learning any subject whether it is art, science, maths or language.

Creative Art is meticulously planned and aimed to stimulate the inherent talents of children in colours and forms. To develop the artistic genius of the younger ones, vivid presentation of art and craft in a graded, colourful and exciting manner is laid out throughout the series.

These well-graded books are entirely based on the different needs and interests of different age groups, from nursery to primary level. Innovative craft ideas have been introduced to inculcate novelty and arouse curiosity in the younger minds. This series is aimed to ignite interest in children in art.

MAIN COMPONENTS OF THE BOOKS

Grammar High (1-8) is a series of grammar books envisioned to transfer the knowledge of fundamental aspects of English grammar in a gradual manner into the budding minds of young learners.

The structure of this series is designed in a building block manner, so that, the young learners could move ahead in learning without leaving behind any concept unlearned.

Ample examples are provided under every head, to facilitate understanding the concept with ease. Mind teasing exercises are incorporated in every chapter to create interest in students to do and learn, so that they could build a concrete base of language in their subconscious.

We hope both the teachers and students find this series attractive and appreciate our effort in simplifying the English Grammar learning process.
